

Thank you for choosing PHS! Help us to find you the right pet!

Please take the time to fill out this application carefully and thoughtfully. Every animal and every home is unique. We are very proud of our success rate in matching animals with wonderful FOREVER homes. We use this application as a starting point to match your lifestyle, needs, and experience with the animals we know so well. We are committed to finding each PHS animal the right match.

**BEFORE YOU FILL IN YOUR APPLICATION,
PLEASE NOTE:**

- PHS Animals are accepted from owned, stray, homeless or abandoned sources
- We cannot guarantee temperament of our animals. Most animals come to us without any background history. We disclose any information that is given to us on a surrender form or is discovered during a SAFER behavioural assessment (dogs only), however this still does not guarantee temperament.
- We cannot guarantee the health of our animals. We disclose observations that are revealed during a veterinary exam or provided at the time of surrender. Please understand that some illnesses may have up to a 10 day incubation period. This means that a pet can leave in good health but get sick a few days post adoption.
- We recommend that every adopter take their new pet to a veterinarian within 3 days of adoption for a medical exam.

IMPORTANT INFORMATION

- All adopters are responsible for veterinary care and medical bills incurred post adoption
- If, for whatever reason, you must re-home your new pet, you must first contact the PHS
- PHS reserves the right to approve or deny your application
- PHS reserves the right to verify all information provided on the adoption application
